

Loading and Unloading of School Buses on School Grounds

The bus loading and unloading zone is separate from the passenger car area. It is located on Kilby Road between EHIMS and the LDS Church

DROPPING STUDENTS OFF OR PICKING STUDENTS UP IN THE BUS ZONE IS PROHIBITED, DANGEROUS AND ILLEGAL

When unloading, students are to exit the bus and go directly into the building.

When loading, students are to walk in an orderly manner to the bus loading area and wait there to be signaled by the driver to enter the bus.

School Busses

Only students who have a valid bus pass may board. If students lose their pass, they will need to contact the transportation department for a replacement.

Students riding buses should be at their assigned bus stop five minutes before the scheduled time. Students can only get on and off the bus at their designated stops.

Students should wait for the bus in an orderly line away from the edge of the road.

Students are expected to follow the driver's rules as well as school rules once on board the bus. It is important that students understand that riding the bus is a privilege and their privilege may be revoked for severe or repeated acts of misconduct.

When the school day is over, students are to board their bus as soon as they can.

Access Routing Plan Ecker Hill International Middle School

An information resource for the use of parents and guardians in developing individual school access plans for students

Walking or Biking to and From School

Parents should make certain their child is familiar with the safest route to school by walking the route first. Special attention should be paid to identifying potentially hazardous stretches of road (see examples below). Students riding their bikes to school must wear appropriate safety equipment.

Students must follow all safety laws and rules.

Students should wear light colored or reflective clothing.

Parents should familiarize their children with potential road hazards such as no sidewalks, no crosswalks, 4-way intersections, potentially icy areas during winter and any other hazards they may encounter on route to school.

In reviewing the safe walking routes to EHIMS, it is not recommended students walk to school from any neighborhoods other than Powderwood, Crestview, Elk Meadows, Pine Creek, Brook Hollow, Pinebrook Cottages, High Meadows and the homes on Engen Loop, due to numerous traffic and natural hazards and the lack of sidewalks.

Please follow parking lot rules and regulation for the safety of our children and patrons..

Aquatic Center

Parking Lot and Riding in Private Vehicles

As a courtesy to our patrons, Ecker Hill provides supervision beginning at 8:15 AM. Students may not enter the building prior to that time.

Parents should drop off and pick up their students in front of the school in the main parking lot. Loading and unloading in the bus lane is prohibited, dangerous and illegal.

Parents should be sure to stay in one orderly line along the right shoulder of the parking lot entrance road and observe the traffic flow pattern in the parking lot as shown in the map above.

In addition:

- Please do not leave car unattended while waiting
- Refrain from cell phone use
- Travel at a speed of 4 mph

Thank you for following these procedures for the safety of all our students, staff and patrons.
