Math 7

[State Standards Link](#)

- PS 1 I can find probabilities of events in multiple ways.
- PS 2 I can add and subtract positive and negative numbers (rational numbers).
- PS 3 I can multiply and divide positive and negative numbers (rational numbers).
- PS 4 I can use percents to solve real-life financial problems.
- PS 5 I can use variables to solve numerical and real-world multi-step equations using the sequence of operations needed.
- PS 6 I can use variables to solve numerical and real-world multi-step inequalities using the sequence of operations needed and graph the solution
- PS 7 I can calculate the area and circumference of a circle.
- PS 8 I can calculate the surface area and volume of real-world objects.
- PS 9 I can recognize and represent proportional relationships between quantities.
