

Parents of EHMS 7th Grade Remote Learners,

A CCR (College Career Readiness) meeting is an opportunity for 7th grade students and parents to meet with a school counselor to discuss academic pathways and school success.

Research demonstrates that students do better when parents are involved in their education. The CCR process invites parents into the school to plan and monitor their child's progress toward achieving his or her educational goals. The topics discussed include:

- Review of student progress (i.e. attendance, grades, strengths/challenges).
- Course and pathway planning for 8th grade and high school graduation.
- Goal setting and discussion of values and expectations for the future.
- Naviance Family Connection

NEW CCR times have been added!. If you are unable to make a CCR appointment during school hours, counselors will be available for 30 minute appointments from 4:30-8:00 pm on March 24th. Appointments will be held virtually. Schedule using the links below.
